The image shows a Windows Activation dialog box overlaid on a command prompt window. The command prompt displays the command `slui 3` in a red box, with a red arrow pointing from a white stick figure labeled [1] to it. Another red arrow points from the same stick figure to the 'Product key' input field in the activation dialog. The activation dialog has a blue header 'Windows Activation' and the title 'Enter a product key to activate Windows'. It contains instructions about product keys and a text box for entering the key.
